

ACKNOWLEDGEMENT

After several months' hard working, this paper has finally finished. I here give my special thanks to my instructor, Siam University, teachers, and my friends who have given me a lot of help both academically and non-academically. I really appreciate it.

First, I would like to give my most sincere thanks to my instructor. He gives me help from topic selection, structure design to paper writing and other activities. I really appreciate his effort, without which, I would have lots of problems in writing the dissertation. I've also learned a lot from his knowledgeable background, working style etc.

Second, I would like to give my thanks to Siam University and teachers. I really like the learning environment here, and I really became more knowledgeable in the university. With these helps, I am better prepared for the future challenges and life experiences.

Last but not least, I want to thank my friends. It is always my ultimate goal to provide them with happy and satisfactory life.
